MEMORANDUM FOR: Mr. [REDACTED]

SUBJECT : Aerial Survey of Yemen

REFERENCE : Memorandum to SA/PD/DCI, same subject (ER-10-5565)

25X1A

1. It does not seem to me that this calls for any action on our part. I assume that [REDACTED] is aware of the coverage we obtain from time to time in various parts of the world including Yemen. It would seem to me a mistake to spend considerable time and money on an aerial survey of Yemen if as I believe extensive coverage is available both from CHALICE and through the RAF unless our coverage is inadequate for mapping purposes.

2. I wonder if we should not ask [REDACTED] to examine the possibility of using CHALICE and similar raw material for cartographic purposes so as to eliminate marginal surveys with conventional equipment.
